

Barber Budget & Co.

A Special Word For Men's Overcoats.

The weather man promises colder weather—so it's quite in place to put in a special word for Overcoats.

We'd like to have you examine those we show at \$12 and \$15. Even though you do intend paying more—we'd like to have you look at the \$12 and \$15 line.

Every favorite cloth and style is represented—from the extreme short smooth-cloth coat to the extreme long rough garment. We're very proud of these lines—and their superiority gives us the right to say "best for least" and again proves that leadership is distinctly at the corner of 9th and the avenue.

Other Overcoats up to as high as \$50.

Men's Shoes, \$3.50 Values for \$2.85

A special for Saturday. A big special, but a small lot—not quite a hundred pairs.

Of box calf and patent enamel, made on the latest style lasts. All sizes.

As above stated, these shoes are regular \$3.50 values—and being new and up-to-date are a decided bargain at \$2.85.

Shoes for Boys.

We make a specialty of boys' shoes.

At \$1.50—of veal calf—excellent for school wear.

At \$2.00 and \$2.50—of box calf—a dressy and durable shoe; many dealers get \$2.50 and \$3.00 for no better.

Always the Best in Furnishings.

Always the newest and nobbiest—and always the lowest in price, quality considered.

The furnishing goods chief says there are scores and scores of specials here—really so many that he don't know which to give emphasis.

There's Neckwear at 50c. that few houses can show better at double.

There are Gloves at \$1 and \$1.50 that cannot be matched for the price.

A world of Fancy Shirts—all newest styles—\$1 to \$2.50.

Everything for full dress wear. The best and largest line of 25c. Half Hose you ever saw.

Everything correct in the Underwear line, from the 50c. garment to the finest wool.

Lounging Robes at various prices.

There is but one verdict from every one who buys furnishing goods here—a verdict substantiating our claim of "best for least."

Our Men's \$2 Hats.

It's an achievement to boast of—to be selling such fine Derbys and Fedoras for \$2—to be bettering every other \$2 hat in the market. Already we have sold more hats this season than up to Christmas of last year; so you may know how this hat business is growing.

These \$2 hats of ours, customers tell us, are extremely nobby and stylish—quite true—they wouldn't be here if they weren't.

But what is the basis of satisfaction—first, last and most important of all—they've got quality far beyond what is usually found in \$2 hats—quality that will favorably compare with that seen in the usual \$3 grade. Our word means positive assurance. Every correct hat want for man and boy.

REPORT ON PLANS

National Memorial Arch Association
Completing Its System.

COLLECTION OF FUNDS PROVIDED FOR

Action Taken by Alexandria County
Development Company.

COMMITTEE APPOINTED

At a well-attended meeting of the executive committee of the William McKinley National Memorial Arch Association, held late yesterday afternoon, the committee on general plans, of which Commissioner Macfarland is president, submitted its report, which includes the plan for the collection of contributions, the design for the certificate of membership and a draft of a letter to be sent to each of the vice presidents selected.

The matter of greatest public interest considered was the adoption of the form of certificate to be sent to subscribers. All the members of the executive committee expressed themselves as favoring a design that shall be as complete a statement as possible of the objects of the subscription and at the same time contain as few words as possible. It was determined finally that the printed blanks should be furnished to all persons likely to receive or solicit subscriptions, as it is thought best that the subscribers should all come to the treasurer of the national organization in the same form in order to facilitate handling. The form which had been approved by all the members of the general committee on plan was unanimously adopted by the executive committee.

The Plan Adopted.

"We, the undersigned, subscribe the sum set opposite our respective names, in aid of the fund to be secured, by popular subscription, for the erection in the city of Washington, of a national memorial arch in honor of the late William McKinley."

It is proposed to raise \$1,500,000 for this purpose.

"Those subscribing \$1,000 or over shall thereby be constituted patrons of the association, and will not be called upon for payment of their subscriptions until the sum of \$250,000 has been pledged."

"Subscriptions of \$50 and over shall be paid in such installments as the executive committee shall, from time to time, require for the demands of the treasurer."

"Every contributor shall become a member of the association."

The form of letters to be sent to vice presidents was discussed thoroughly, but, as the letters are of a personal nature, the committee thought best not to make the form public. The design for certificates adopted calls for a blank about the size of a sheet of commercial note paper. A vignette portrait of the late President is to form the central feature of the decorative design, which is described as very chaste and artistic. The certificate will be engraved at the bureau of engraving and printing, but the cost of the work will be borne by the executive committee.

The responses received since the last meeting from gentlemen selected as vice presidents were announced to be as follows:

For the state of Colorado—David H. Moffett of Denver.

For the state of Missouri—not including the city of St. Louis—Richard C. Keneas.

For the city of St. Louis—Rolla Wells, mayor of St. Louis.

For the state of Utah—Perry S. Heath of Salt Lake City.

For the state of Connecticut—Louis R. Cheney of Hartford.

For the state of Mississippi—Gen. Thomas C. Catings.

For the city of Buffalo, N. Y.—Carleton Sprague.

Mr. Gompers Expresses Interest.

Samuel Gompers, president of the American Federation of Labor, and one of the members of the executive committee and a member of the board of managers, was present for the first time since his appointment, having recently recovered from a severe illness. He assured his fellow members that he had taken more than any ordinary interest in the project and that he had directed every effort of his organization to interest the interest on the part of the workmen of the country. He said that, as chairman of the committee on labor organizations, he was preparing a letter to be sent to all the organizations in the country, with requests for subscriptions, and he would notify the committee from time to time of his progress.

Gen. Wilson Added to Committee.

Chairman Bell stated that in making up the executive committee one man, a resident of the District of Columbia, had been overlooked, and he proposed that Gen. John M. Wilson, U. S. A., retired, former chief of engineers of the army, be made a member. Mr. Bell contended that General Wilson was one of the first to come to the aid of erecting an arch to the memory of President McKinley, and he was also one of the board of engineers which had for its duties the selection of a site and design for the memorial bridge. General Wilson's family has been residing in the District of Columbia for over 115 years, and his name was clearly entitled to a place on the committee. The nomination was unanimously agreed upon.

Members of Press Accept.

Gen. H. V. Boynton, chairman of the press committee, reported that he had received favorable replies to almost all of his letters to the various editors throughout the country naming them for places on his committee. The local correspondents for all out-of-town papers have all accepted positions on the committee.

Mr. Parker, chairman of the District of Columbia committee, who was unavoidably absent from the meeting, in a letter gave encouraging assurance of the rapid prosecution of the work of organizing subcommittees of the local organization.

The executive committee will hold another meeting on Monday at 4 p.m.

Action by Development Company.

While the executive committee of the William McKinley Memorial Arch Association was in session yesterday afternoon a meeting of the board of development of Alexandria county, Va., was being held in the Bond building, also considering ways and means for assisting in bringing the memorial arch into a condition of tangibility. A. M. Lothrop presided and James E. Clements acted as secretary. The attendance was not so large as had been anticipated, owing to the fact that the meeting was called for Tuesday, election day, and then postponed. Another meeting will be held Monday at 4:15 p.m. in the office of James E. Clements, in this city.

Chairman Names Committee.

At yesterday's meeting President Lothrop announced the appointment of the following gentlemen as a committee to solicit subscriptions: Frank Hume, Dr. Joseph Thayer Johnson, M. B. Harlow, Gen. S. B. Burdette, George M. Sweeney, Charles J. Graham, Major R. S. Lacey, Charles I. Simms, John B. Henderson, James E. Clements, George Kenney, Leonard H. Smith, William W. Douglas, William C. Wirbirt, Frank Lyon. President Lothrop is a member ex-officio of the committee, which will meet at the office of Mr. Clements on Saturday at 4:15 p.m. for the purpose of organizing.

Twenty Dollars or Ninety Days.

For assaulting Alice Butler, George Woodward, alias George Howard, was sentenced to pay a fine of \$20 or serve ninety days in jail by Judge Scott yesterday.

Pile Terrors Swept Away.
